Notice of Non-Responsive Amendment

The following office action is a responsive to the Amendment filed, 11/29/07.

The amendment filed 11/29/07 affects the application 10/521,947 as follows:

1. Claims 1-6 have been amended. New Claims 7-12 have been added.
2. The responsive to applicants' arguments is contained herein below.
3. Claims 1-12 are pending in application

Newly submitted and amended claims 1-12 are directed to an invention that is independent or distinct from the invention originally claimed for the following reasons: Claim 1 recites, "A method for promoting health in a subject comprising selectively proliferating *Lactobacillus casei* subsp. *casei* in the subject, comprising a step of administering a composition comprising a dextran to the subject." However, claims drawn to a method was not originally examined, is a different or distinct invention which pertains to said method for promoting health in a subject and which would involve a different and burdensome search.

Since applicant has received an action on the merits for the originally presented invention, this invention has been constructively elected by original presentation for prosecution on the merits. Accordingly, claims 1-12 are withdrawn from consideration as being directed to a non-elected invention. See 37 CFR 1.142(b) and MPEP § 821.03.

Note that a reference to the composition herein would not necessarily be a reference to the method of using herein under 35 USC 103. The composition and method herein have separate consideration as to patentability.

Art Unit: 1623

The application currently contains no pending claims directed to the claimed composition previously. Therefore, the amendment is considered non-responsive to the previous Office Action.

Since the above-mentioned amendment appears to be a *bona fide* attempt to reply, applicant is given a TIME PERIOD of ONE (1) MONTH or THIRTY (30) DAYS, whichever is longer, from the mailing date of this notice within which to supply the omission or correction in order to avoid abandonment. EXTENSIONS OF THIS TIME PERIOD UNDER 37 CFR 1.136(a) ARE AVAILABLE.
